## **CALLI OR FORTUNE DELIGHT FOOD BEVERAGE (to nourish the CLEANSING cells)**

Mix 1 package to 4 - 6 cups of hot water. DO NOT use boiling water, and do not re-heat in microwave (this kills the live enzymes so vital to nourishment). The beverage can be enjoyed hot or cold. Fortune Delight mixes easily in cold water. Drink throughout the day. Calli and Fortune Delight nourish the **CLEANSING** cells of the body, strengthening the ability to get rid of toxins and fat, and helping to reduce cravings for sugar and fatty foods. Calli works on a cellular level and is particularly helpful when getting off coffee. Fortune Delight works on a glandular level, major organs and deep muscles. Both formulas are high in natural antioxidants and help to maintain electrolyte balances. Calli and Fortune Delight are interchangeable; their overall effects are similar enough to allow them to substitute for one another according to personal preference.

*Calli - Contains Camellia Leaf, Perilla Leaf, Morai Bark Extract, Alisma Root, Imperate Root,*

*Fortune Delight – Contains Camellia Extract, Lemon Extract, Chrysanthemum Extract, Jasmine Extract, Lalang Grass Root Extract*

***Calli – Regular, Mint, Cinnamon***

***Fortune Delight – Lemon, Peach, Raspberry, Regular, Cinnamon***

*This is for information purposes only and is separate from Sunrider International.  
It is not intended as medical advice. As with any medical problem, consult your physician.*

## QUINARY (for BALANCE)

Start with 3 or more capsules daily (there are 100 in the bottle). You can open the capsule and take it in water, if you like the taste, or just take it as a capsule. 1 package equals 10 capsules. Many people eat 1 package a day. You could also use it in the Vitashake or Nuplus Shake, along with Suncare or Suncare Plus, if you like. Quinary **BALANCES** the body and is composed of 5 distinct formulas combined together to nourish your five systems: Respiratory, Circulatory, Digestive, Endocrine and Immune Systems. This product also comes in a liquid form (LiquiFive) as well as powder (Quinary Powder) in an envelope form. *Contains: Chinese White Flower, Scutellaria Herb, Dandelion Root, Gou Teng, Licorice Root, Tora Seed, Mint Herb, Paris Herb, Fennel Seed, Cinnamon Bark, Poria (Mushroom Powder), Chinese Yam, Ginger Root, Sophoria Flower, Barrenwort Herb, Chuhm Xiong Root, Mongolia Vine Root, Fang Feng Root, Ginseng Root, Honeysuckle Flower (Silver Flower), Yeuan Wu Root, Chrysanthemum Flower, Dispace Root, Angelica Root, Alpina Ginger Root, Angelica Centis Root, Leek Seed, Balloon Flower Root, Bamboo Leaf, Dwarf Lilly Turf Root, Papermullberry Seed, Senega Root, Imperate Root, Forty-knot Root, Reed Root, Broomrape Herb, Chinese Cat Nip, Asias Herb, Bai-Zhu Root, Eucommia Bark, Morinda Root.*

## VITALITE SUNBARS (for Energy, Fiber, Nutrition)

Eat 1 Vitalite Sunbar per day, depending on your digestive system and drink at least 8 ounces of Fortune Delight or Calli (or water) with each bar. SunBars contain soluble and insoluble fiber, and are very cleansing, like an internal brush. This is not a laxative; rather it stimulates peristaltic action, strengthening the bowels. Low in saturated fat and low-sodium with herbs, nuts, grains and freeze-dried fruits, the SunBar is a great meal replacement or a low-calorie snack that fills you up, not out. The Vitalite Sunbar is filling and helps reduce cravings for non-nutritious foods. 2 Sunbars can be considered a meal replacement. *Contains Honey, Soy Nuts, Psyllium Husk, Crisped Rice, Strawberry Powder, Pineapple, Banana, Red Seed, Apple, Mango, Soy Bean Oil, Coconut, Almond Nut, Caramel, Vitamin E and Wheat Germ Oil.*

*Vitalite Sunbars come in Chocolate and Fruit*

**DAILY PROGRAM:**

1. NUPLUS – 1 to 3 packages daily (or Vitashake/Sunbars)
2. QUINARY – 3 to 10 capsules daily (or 1 package daily or more)
3. CALLI AND FORTUNE DELIGHT – 1 package of each daily (or more)
4. STEVIA – 10 to 20 drops daily (or more)

We often use an Analogy of a FIRE. How much water do you need to put out a fire?!!

- ❖ If your body areas needing strengthening are the size of a candle flame or a small fireplace fire, then 1 NuPlus, 3 Quinary capsules and 1 Calli and/or Fortune Delight daily will provide you with results.
- ❖ If your body areas needing strengthening are more the size of a house fire – then you will want to have 3 NuPlus, 10 capsules MINIMUM of Quinary daily and 3 Calli and/or Fortune Delight daily.
- ❖ If your body areas needing strengthening are more the size of a forest fire – then you will want to practically live on NuPlus, Quinary and Calli/Fortune Delight for several months – along with really healthy whole food – and later you can cut back on these amounts.

The above examples include Sunrider Stevia daily.
