

SUNNY DEW®

SunnyDew® is a unique and potent formulation of stevia leaf extract and chrysanthemum flowers. Just a few drops of this supplement add a fruity zest to beverages and Sunrider® herbal foods, without the negative effects of artificial ingredients.

Features & Benefits

- All-natural and highly concentrated.
- Delicious with no aftertaste.
- Can help maintain a healthy diet.
- Great for product introductions.
- Versatile flavor enhancer.

Proprietary Formula

Other brands commonly use a chemical reaction to process stevia that alters its natural structure. However, Sunrider's unique extraction, purifying, and concentration processes protect the bioactivity and benefits of stevia.

Owner Expertise & State-of-the-Art Manufacturing

All Sunrider® products are researched, developed, formulated, and manufactured with owner expertise and state-of-the-art manufacturing. This ensures that our products are superior in quality, concentration, effectiveness, and safety.

- Sunrider owner Dr. Tei-Fu Chen has a degree in pharmacy and is a world-renowned herbalist. His wife, Dr. Oi-Lin Chen, is a gifted medical doctor. They lead a team of scientists and oversee the vast, complex production of Sunrider® products.
- Sunrider invests hundreds of millions of dollars in its high-tech research and manufacturing facilities, spanning 2 million square feet. Our trade-secret manufacturing process extracts and concentrates the beneficial essences from many pounds of raw herbs to create a nutrient-rich final product. Sunrider manufacturing facilities are safe, ethical, and environmentally friendly.
- SunnyDew® is proudly made in our Los Angeles Manufacturing Plants.

Marketing Breakthrough

Sunrider is an early innovator in the manufacturing and marketing of products that contain stevia, an herb indigenous to South America, and has helped popularize its use in many countries. In 1995, Sunrider successfully petitioned the Food and Drug Administration (FDA) to lift the import alert on the extract of stevia leaves, thereby clearing the way for Sunrider to use stevia as a dietary supplement in the United States.

Recommended Use

Add drops as desired to supplement food and drinks. Great with Calli®, Fortune Delight®, and Sunrider® herbal foods and concentrates.

IBO Testimonials

"I love the feeling I get after consuming SunnyDew®. I've made it a part of my healthy-living regimen. SunnyDew® is all-natural, delicious, and easy to carry; I take it with me wherever I go. I use it as a great opener to introduce the Sunrider opportunity to new prospects. People are always impressed that just a few drops of SunnyDew® can transform a glass of water into a thirst-quenching drink, and even more amazed that such a simple product can bring such a great business opportunity."

Xu Junyan, China

"One squirt of SunnyDew® in my friends' water is all it takes for them to want to know everything about Sunrider!"

Margie Mettenet, USA

"For the past 18 years, I've used the dietary supplement we now call SunnyDew®. I enjoy the benefits and taste of SunnyDew® with every beverage, because I add it to enhance flavor. SunnyDew® can even make unpleasant-tasting herbs taste great. It's one of the first Sunrider® products I introduce to prospective business builders, because they can see how it works quickly and easily. In my country, SunnyDew® is approved by the Israel Diabetes Association, so people can see their IDA insignia on every bottle!"

Dror Nakdimon, Israel
