

Sunrider's Fruit & Vegetable Rinse makes a noticeable difference!!

Soaked 15 min. in Water + FVR

Soaked 15 min. in Water

SUNRIDER'S FRUIT & VEGETABLE RINSE ...

- ☺ is a non-toxic herbal preparation, formulated especially to rinse away bacteria, parasites (and their eggs), pesticides and fungus;
- ☺ has the unique effect of dissolving waxy coatings on produce, which is also the same waxy coating (chitin) which covers insect bodies ... so FVR works on them, too;
- ☺ can also be used to soak meat and cutting knives;
- ☺ can be used to sterilize cuts, scrapes or burns;
- ☺ is economical and environmentally - friendly.
